funds and requests that a special grant of Rs 50,000 be sanctioned from the State Funds for reconditioning the roads etc

b) The Financial Department will be consulted.

7) The Municipal Branch file on the subject is put up

29/3/48 8) The grant sanctioned for the purpose in 1943 was Rs 15,000/- and Rs 25,000/- in 1945 On these two occasions, the President of the Muni Council had sent in rough estimates aggregating Rs 34 636/- and 34 000/- for the urgent works to be executed In 1943, the Municipality spent a sum of Rs 13,000/- from their own funds On the occasion, the President has asked for a grant of Rs 50,000/-, but does not furnish any estimate of the expenditure involved on the several items The grant is asked for "to recondition the roads, to turn up the roads and to make necessary sanitary arrangements" There is no data available to check up the figure suggested by the President or to suggest a revision

9) The grant to be sanctioned will have to come out of the lump sum provision to be made for the expenses connected with

Special Grant to the Mysore City Municipal Council in connection with the visit of the Governor-General to the city

General and Revenue Secretariat | File No 5669 - Jud of 194 | [App F III-2

Serial No	
	the visit of the Governor General the Chief Secretariat may therefore be consulted on the point as to what would be an adequate grant for the purpose with reference to the total estimated expenditure on the visit (Which has been sent to this Branch) from the CB papers put up herewith it will be seen that in connection with the contemplated visit in February last, it was proposed to grant a sum of Rs 7500/- Rs 30 vide
9168/30/3	(1) Revenue Secretary) for 3673/38
	(1) The President requests for at least a grant of Rs 50,000 from State funds for reconditioning the roads, to trim up the trees & to make necessary sanitary arrangements etc in Mysore city, when the Governor-General of India is likely to visit the place within the next few months. It is true that the financial position of the Mysore Municipality is very bad, and it is therefore stated that the Municipality is not in a position to find funds for this purpose

NOTE—Contn Sheet

Serial No

12) But the demand for a grant of Rs 50,000 from the state funds appears to be pitched very high with no data whatever to judge to what extent this demand is reasonable -

13) From the papers in the linked file it will be seen that when this visit was expected to come off in the month of February last, but which was cancelled, a decision has been taken in the Council to give a grant of Rs 7500/- towards improvements ~~and~~

~~Rs~~ The municipal council has been also authorised separately to incur an expenditure of Rs 3000/- from Mul. funds

14) Now it is not known if the municipality will be able to spend anything at all from its funds. Hence its request -

Special Present to the Municipal Act Hand Council

15) The Visit is coming off between the 21st and 24th of the month, & the time available for effecting improvements in connection with the Visit is therefore about a fortnight

16) The amount that may be allotted will to some extent depend on what can be usefully spent during the period

16) 6/4

FINANCIAL 6957 7 3

17) From another file which came to me a few days ago in connection with a hospital in the Chamundipuram Extension, it is seen that this municipality has been given over and above the Govt Share, a free grant of Rs 25,000 In many other ways it has had preferential treatment as compared with other municipalities

15) Its financial condition is bad and appears to have never been good So long as there is the Govt from which free grants

NOTE—Contn Sheet.

Serial No 6957/7E

can be had more or less readily, the incentive to explore new avenues of income, to collect with vigour, decision and disregard of popularity, the outstanding balances and to incur expenditure solely with a view that it shall be within the normal and certain income of the Municipality, will become atrophied From this point of view large grants are a distinct disservice to the municipality, as they kill the will to self-help

19) In about a fortnight that remains before the visit, all that can perhaps be usefully spent is Rs 7500 from the govt grant supplemented by Rs 3000/- from the Municipal finances, as suggested above This amount may be authorised from both these sources

20) The finances of the State are in a parlous condition and it is not possible to make now grants in the same munificent scale as when the State was better off

21) Not even a rough indication has been given of the broad heads under which expenditure is proposed to be incurred The two things that are mentioned are the conditions of the roads and sanitary conditions in "some places" in the city These are the prime responsibilities of the Municipality and expenditure on these items has a first claim

CHIEF SECRETARIAT 18 MAR 1948 MYSORE

5869 27 MAR 1948 LAW BRANCH

Dear Sir,

I write to state that the proposed visit of Their Excellencies the Governor General of India and Lady Mountbatten to Mysore in February 1948 was dropped on account of the unexpected sad demise of Lahatraji They are likely to visit our place in the course of a few months or so It is therefore necessary that action should be taken from now alone to improve the condition of roads etc, in the city instead of hurrying through the same at the last hour

I see from the previous references that the Government were pleased to sanction a special grant of R 15,000/- for the Viceregal Visit in August 1943 and a sum of Rs 25,000/- in February 1945, in their Order No L 2146-7/M1 157-43-2 dated 18-8-1943 and L 7241-3/L1 189-44-2 dated 19-1-1945 respectively from out of the State Funds

The condition of the roads and the sanitary conditions in some places in the city have become worse since, both due to non-availability of materials and labour, and increased traffic etc It will not be possible to bring them to a suitable condition unless a large amount than those sanctioned by Government on previous occasions is now granted

With a view to have the city presented in a worthy manner in honour of the Governer Gener l of the Independent Indian Union, I feel that at the lowest estimate, a sum of Rs 50,000/- at least is absolutely necessary to recondition the roads and trim up the routes and to make necessary sanitary arrangements etc

I therefore request you kindly to have the amount sanctioned out of the State Funds very early as a special case to enable me

PTO

4

to have the works undertaken from now alone instead of hurrying at the last moment The Municipality is not in a position to find funds for these works as it has no funds for normal works even

Thanking you,

Yours sincerely,
